

CYBER COLLOQUY 3.0

DEEPFAKE DISCOVERY GLOBAL HACKATHON

COLLABORATION PACKAGES

ABOUT US

Welcome to our Cybersecurity Department, as SAKEC recognized the need for this learning and in order to dedicate preparing ethical leaders who drive technical, and ethical advancements in cybersecurity. “Cyber Security Department” came into existence in the year 2020 with initial intake of 60. We envision a future where our graduates lead the way in cybersecurity, embodying integrity and innovation. By promoting collaboration with academia, industry, and government, we enrich educational programs and advance cybersecurity practices. Join us in shaping a safer digital future!

ABOUT HACKATHON

Welcome to Cyber Colloquy 3.0, our solution-oriented event in collaboration with CyberPeace Center Of Excellence. Introducing the Deepfake Discovery Global Hackathon, where experts in cybersecurity, AI, and digital ethics unite to combat the rise of deepfake technology. Top models will be featured on TrustTrace.net.in, with contributors recognized for their crucial role in enhancing digital security.
